Dr. Weitzel shared the highlights of the recommended calendar:

School would begin on August 31, 2016 since Labor Day falls on September 4. This is as per Board Policy 803 – School Calendar.

This recommended calendar would provide for 184 days of school. This is four (4) days above the state required 180 days. The added days provide beneficial instructional days for the students.

This recommended calendar would meet the requirements of Act 80 to facilitate professional staff development days, parent/teacher conferences, and curriculum work.

This recommended calendar complies with federal holidays and honors religious holidays.

Mrs. Collopy commented about the difference between 184 and 180 days. She stated that she and others would like the snow days to be taken off the 184 days and that this calendar was not what she was looking for.

Mr. Weldon stated that previous action was taken to table the 2016-2017 School Calendar and now needs to be brought back on the table.

Motion by Paul Faulkner, supported by John Gamble, to bring the 2016-2017 School Calendar off the table.

Motion Approved 8-0.

Motion by Jerel Wohl, supported by John Gamble, to approve the 2016-2017 School Calendar

Mr. Gamble stated that a neighboring district lists 187 days of school and the remaining three (3) days are forgiven if there are no snow days. He would prefer to see this district adopt a calendar like this.

He feels strongly about students attending 184 days of school.

Mrs. Darcy asked for a Roll Call vote to approve the above motion.

Roll Call:

Mrs. Collopy	No	Mr. Gamble	Yes	Mr. Weldon	No
Mrs. Darcy	No	Mr. Schloeffel	No	Mr. Wohl	Yes
Mr. Faulkner	Yes	Mrs. Smith	No		

Motion to Approve the 2016-2017 School Calendar failed to pass 5-3.

Mrs. Smith then motioned to accept the calendar with a revised note stating that “more than five (5)

Motion to Table the motion made by Karen Smith failed to pass 5-3.

Mr. Faulkner commented that a legal and binding contract exists between the district and the teachers union to teach for 184 days.

Mr. Gamble stated that he did not understand how Board members would think a different calendar

having less days would be presented.

Mr. Faulkner stated that he has heard from parents about vacation time. He clarified that while he is in no way diminishing the importance of family time, he noted that there are two (2) months during

Mr. Gamble stated that if parents wish to take vacation during the school year a form can be completed to excuse their student.

Mrs. Darcy clarified that this calendar is to maintain the same calendar at 184 days and allows for

Mr. Gamble stated that he does not agree because there will be snow days and this calendar will not have 184 days and that days are being built in for forgiveness. This will allow for less time in the classroom. He does not wish to make a decision on weather for next year and automatically forgive days without discussion
